CAREER OBJECTIVE

Motivated **Bachelor of Computer Applications (BCA)** candidate with hands-on expertise in **full-stack web development** and **relational database management**. Passionate about solving complex software engineering challenges, writing **scalable and maintainable code**, and owning end-to-end product lifecycles. Seeking a **Software Development Engineer (SDE) Intern** role to drive technical innovation and deliver high-impact solutions.

EDUCATION

Bachelor of Computer Applications (BCA)

MQI Degree College
CGPA: 8.67 / 10

Graduated - 2026

Bangalore, India

2nd PUC - PCME

Physics, Chemistry, Mathematics, Electronics

2021 - 2022

Bangalore, Karnataka

SSLC

Mazharul Uloom Hr. Secondary School

2020

Ambur, Tamil Nadu

TECHNICAL SKILLS

Languages: Python, JavaScript, C, PHP, Java (basics)

Web & Microservices: React.js, Node.js, Express.js, REST APIs, HTML5, CSS3

Databases & Tools: PostgreSQL, MySQL, SQL Optimization, Git, GitHub

CS Fundamentals: DSA, OOD, Operating Systems

INTERNSHIP EXPERIENCE

AI & Web Development Engineering Intern

Maskan Technologies Pvt. Ltd.

3 Months

Bangalore, India

- Engineered full-stack **React** and **Node.js** web modules within an agile **CI/CD** pipeline.
- Optimized **PostgreSQL** and **MySQL** queries to significantly improve database response times.
- Authored technical documentation and conducted peer code reviews for clean, maintainable code.
- Debugged and resolved issues in high-concurrency environments to ensure application stability.

KEY PROJECTS

Amazon Clone

React.js, Node.js, PostgreSQL, REST APIs

Intern Project

- Architected full-stack **React.js** and **REST API** interfaces for seamless user interactions.
- Integrated secure end-to-end payment gateway processing with robust state management.
- Built centralized cart tracking and persistent multi-tiered user session management.
- Engineered scalable **Node.js microservices** for catalog, orders, and transactions.

Digital Voting System

JavaScript, PHP, MySQL, HTML5, CSS3

Academic Project

- Architected a secure digital voting portal to streamline college elections.
- Implemented multi-tiered identity verification with **OTP authentication**.
- Engineered strict single-vote validation per post to guarantee audit integrity.
- Built an admin dashboard with automated **PDF result generation**.

CORE COMPETENCIES & STRENGTHS

Full Ownership: End-to-end management from system design to production release.

Rapid Adaptability: Quick to master new tech stacks and workflows in fast-paced teams.

Multilingual Communication: English, Hindi, Kannada, Tamil, and Urdu.

Problem Solving: Strong analytical grounding in algorithms, logic, and code optimization.
